

While Looking for Love (I've Found Me)

Don Gnecco

When I was feeling sad and lonely, I'd look for someone who would care.
I'd long for someone I could love, someone who would always be there.
I searched to find that perfect someone, in whom I'd trust my weary soul.
I thought that when I'd found love, that finally I'd be whole.

While Looking for Love I Found Me.
I found the real me deep inside.
Fin'ly I discovered the way life should be.
While Looking for Love I Found Me.

I found that knowing you has helped me to see myself as someone new.
Now that I know who I am, I've found that I love you.

While Looking for Love I Found Me.
I found the real me deep inside.
Fin'ly I discovered the way life should be.
While Looking for Love I Found Me.

I've found my love here inside me, in me.

While Looking for Love I Found Me.
I found the real me deep inside.
Fin'ly I discovered the way life should be.
While Looking for Love I Found Me.

While Looking for Love I Found Me.
I found the real me deep inside.
Fin'ly I discovered the way life should be.
While Looking for Love I Found Me.
While Looking for Love I Found Me.
