

WONDER OF CHRISTMAS

Don Gnecco

Candles burning brightly,
Faces all aglow,
The sounds of Christmas carols
In the falling snow.
In the children's voices,
In ev'ry Christmas tree,
I can hear the wonder of the Christmas song in me.

Candles at the windows,
Wreaths on ev'ry door,
Scores of Christmas shoppers,
Santas in the stores.
In the glow of candles,
In ev'ry smile I see,
I can feel the wonder of the Christmas joy in me.

There is hope and joy
In ev'ry candle I see,
The glow of Christmas love
Shines from the light in me.

The love I feel at Christmas,
The songs I love so much,
The smells of cakes and candies,
The comfort of your touch,
The glow of lights and tinsel
On ev'ry Christmas tree
Is the wonder of the Christmas, of the Christmas joy in me.

There is hope and joy
In ev'ry candle I see,
The glow of Christmas love
Shines from the light in me.

The love I feel at Christmas
Is seen in trees and lights.
It manifests as magic
On ev'ry Christmas night.
And in the glow of candles,
In ev'ry star I see
Is the feeling of all the things I...
It's the wonder of the Christmas light in me.
