

Dare to Dream

Don Gnecco

Dare to Dream, let your heart feel the music.
Dare to Dream, leave your worries behind.
Dare to Dream, let the magic surround you.
When you dream, who knows what you will find?

*When you dream, all the things your heart longs for
Soar toward the sun like an eagle in flight.
For your dreams are your heart's expectations.
Dare to Dream, make some magic tonight.*

Modulation

Dare to Dream, let your dreams speak so clearly.
Dare to Dream, picture all you can be.
Dare to Dream, let your dreams make things happen.
When you dream, you create what you see.

*When you dream, all the things your heart longs for
Soar toward the sun like an eagle in flight.
For your dreams are your heart's expectations.
Dare to Dream, make some magic tonight.*

Bridge:

We are the dreamers; we're making things new.
What we can imagine, we can watch it come true.

*When you dream, all the things your heart longs for
Soar toward the sun like an eagle in flight.
For your dreams are your heart's expectations.
Dare to Dream, make some magic tonight.
Dare to Dream, make some magic tonight.*
