

Open Our Hearts and Our Minds

Don Gnecco

If we think of heaven as having streets of gold,
Where angels float around us, just like we have been told,
If we think of heaven as someplace we might be,
We'll miss all the wonder life can be.

Oh, hear our pray'r, Love lift us up high.
Oh, hear our pray'rs and songs.
Open our hearts and our minds.

If we think that heaven is really a rebirth,
We realize that heaven is really here on earth.
All the gifts of Nature are here to help us see
All the glorious wonder life can be.

Oh, hear our pray'r, Love lift us up high.
Oh, hear our pray'rs and songs.
Open our hearts and our minds.

Modulation

Oh, hear our pray'r, Love lift us up high.
Oh, hear our pray'rs and songs.
Open our hearts and our minds.
Open our hearts and our minds.
