

I'll See Your Love in Ev'ry Christmas Tree

Don Gnecco

I'm not always happy at this time of the year.
I find all the time I'm wishing you were near.
And at this time of Christmas, no matter where I'll be,
I'll See Your Love in Ev'ry Christmas Tree

The lights and the decorations glow in the night.
My dreams of our love is seen in candlelight.
And at this time of Christmas, no matter where I'll be,
I'll See Your Love in Ev'ry Christmas Tree

*Excitement in the air, lights ev'rywhere;
We sing Christmas carols by the fire.
Dreams of your touch make me miss you so much,
And take me back home at Christmas time.*

Modulation

I think of our time together more ev'ry day.
I wish I could be with you in ev'ry way.
And at this time of Christmas, no matter where I'll be,
I'll See Your Love in Ev'ry Christmas Tree

*Excitement in the air, lights ev'rywhere;
We sing Christmas carols by the fire.
Dreams of your touch make me miss you so much,
And take me back home at Christmas time.*

*Excitement in the air, lights ev'rywhere;
We sing Christmas carols by the fire.
Dreams of your touch make me miss you so much,
And take me back home at Christmas time.
They take me back home at Christmas time.*
