

(I Wish That I Could Be) Around Your Christmas Tree

Don Gnecco

There are Christmas lights everywhere I go.
I can hear the children's choir singing songs I know.
And when I reminisce, here's my memory:
Wassailing and caroling around your Christmas tree.

Chorus:

*Every voice in song; everybody sings along.
They all dance and laugh so merrily.
If only I were there; this is my one Christmas prayer:
I wish that I could be around your Christmas tree.*

Yule logs on the fire bring back thoughts of you.
Candlelight and mistletoe and Christmas candies, too
Sleigh rides in the snow; carols in harmony;
Memories of loving times around your Christmas tree.

Chorus (three times):

*Every voice in song; everybody sings along.
They all dance and laugh so merrily.
If only I were there; this is my one Christmas prayer:
I wish that I could be around your Christmas tree.*
