

Loving Light

Don Gnecco

Loving Light shines in me,
Helping me be all that I can be.
Loving Light from above shines in me,
Filling me with love.

*When I'm lost, when I stray,
I can always look inside to find my way.*

Loving Light shines in me,
Helping me be all that I can be.
Moving on, with certainty,
The Light from inside is guiding me (guiding me).

Loving Light shines in me,
Helping me be all that I can be.
Loving Light from above shines in me,
Filling me with love.

*When I'm lost, when I stray,
I can always look inside to find my way.*

Loving Light shines in me,
Helping me be all that I can be.
Loving Light from above shines in me,
Filling me with love.

*When I'm lost, when I stray,
I can always look inside to find my way.
The Light will help me find my way.*
