

Open Your Heart

Don Gnecco

*Open Your Heart, open it wide.
Let us begin healing inside.
Open Your Heart, let in the light,
Knowing that love's making things right.*

Walking life's path, when feeling alone,
Often we lose our way.
Light from inside can mend a a weary heart,
Lifting us up as we pray.

*Open Your Heart, open it wide.
Let us begin healing inside.
Open Your Heart, let in the light,
Knowing that love's making things right.*

Life brings us joy, and life makes us sad,
Heartaches along the way.
Sometimes our heart needs wisdom from inside,
Healing with love ev'ry day.

*Open Your Heart, open it wide.
Let us begin healing inside.
Open Your Heart, let in the light,
Knowing that love's making things right.*
