

Think of Me This Christmas

Don Gnecco

Far away this Christmas I dream of you.
Wishing you could be here, I know you wish it, too.
In my dreams I can see you in the light on my tree.
Bringing back memories for me.

*Think of me this Christmas, loving from afar,
Wishing you could be here, 'neath my Christmas star.
In my dreams this Christmas, how I want you near.
Think of me this Christmas; I wish you were here.*

All alone at Christmas I'll think of you.
How I wish I were with you; I hope you wish it, too.
How I long to hold you, 'neath the star on my tree.
In your dreams I hope you'll be with me.

*Think of me this Christmas, loving from afar,
Wishing you could be here, 'neath my Christmas star.
In my dreams this Christmas, how I want you near.
Think of me this Christmas; I wish you were here.*

Bridge:

In your dreams hold me tight; think of me this Christmas night.

*Think of me this Christmas, loving from afar,
Wishing you could be here, 'neath my Christmas star.
In my dreams this Christmas, how I want you near.
Think of me this Christmas; I wish you were here.*

Modulation

*Think of me this Christmas, loving from afar,
Wishing you could be here, 'neath my Christmas star.
In my dreams this Christmas, how I want you near.
Think of me this Christmas; I wish you were here.
Think of me this Christmas in your dreams.*
