

THERE'S A NEW WORLD

Don Gnecco

There's a new world with each sunny day,
It's a new world, and I have to say,
"That's my new world, where I want to be,"
A new world inside of me.

Music floats on the breeze.
Sunlight dries the morning dew.
And I feel happy inside,
I feel so good when I think of you.

When I need space just to be
I know I can take care of me.
And I see you, standing with me
In the bright light, happy and free.

Music floats on the breeze.
Sunlight dries the morning dew.
And I feel happy inside,
I feel so good when I think of you.

There's a new world, I see it here;
It's my new world, and I see it clear,
All the things that I need to see
In a new world, here inside of me.
