

All the Best I Can Be

Don Gnecco

You taught me to try my best, no matter what I do.
You were so encouraging when I tried something new.
Some things are challenging, some things hard to do.
But I knew you had my back, I could count on you.

Chorus

I will try to be All the Best I Can Be.
I will do my best when I believe in me.
I will try to be All the Best I Can Be.
I will do my best when I believe in me.

You have always believed in me when the going's tough.
You taught me to stop to rest when I'd done enough.
I'm not always satisfied, content with things as they are.
But with your encouragement I'm reaching for the stars.

I will try to be All the Best I Can Be.
I will do my best when I believe in me.
I will try to be All the Best I Can Be.
I will do my best when I believe,
When I believe in me.
I will try to be the best I can be.
