

One Song

Don Gnecco

One Song brings us all together.
One Song sung by you and me.
Joining hearts, that's how friendship starts:
When ev'rybody sings One Song.

When we sing One Song
We come together all as one.
And when our voices join in song,
The healing has begun...with

One Song that brings us all together.
One Song sung by you and me.
Joining hearts, that's how friendship starts:
When ev'rybody sings One Song.

One Song brings us all together.
One Song sung by you and me.
Joining hearts, that's how friendship starts:
When ev'rybody sings One Song.

Love is there whene'er we sing One Song.
Love is there whene'er we sing One Song.
