

We Are Strong When We're Together

Don Gnecco

*We are strong when we're together.
When we join our hearts and minds in unity.
We are strong when we're together,
When we lift each other up to all that we can be.*

*And in the dark days, when we're feeling low,
When nothing's going right,
We can lift each other up,
To turn the dark to light.*

*When we are lost, when everything's falling apart,
We can just be there in love, with an open heart (open heart).*

Modulation

*We are strong when we're together.
When we join our hearts and minds in unity.
We are strong when we're together,
When we lift each other up to all that we can be.*

*And in the dark days, when we're feeling low,
When nothing's going right,
We can lift each other up,
To turn the dark to light.*

*We are strong when we're together.
When we join our hearts and minds in unity.
We are strong when we're together,
We will lift each other up to all that we can be.*
