

Knowing You

Don Gnecco

Knowing You has filled my heart with song.
You give me hope when things don't go my way.
Your gentle touch, a smile, a tear,
Let me know that you are near.
More than anything that you could ever say.

Knowing You has turned my life around.
Just when I thought I had found my way.
A loving heart, a gentle hand,
Let me know you understand.
That I am learning and growing more and more each day.

Chorus:

*With you here I can see a side of me
That I could never see at all before.
Your being here has helped me more than you can see.
For knowing you has made me love you more.*

Knowing You has brightened up my days.
You let me be the person I can be.
A knowing glance, a laugh, a song,
Help when everything seems wrong.
I'm so glad you've chosen to be here with me.

Chorus:

*With you here I can see a side of me
That I could never see at all before.
Your being here has helped me more than you can see.
For knowing you has made me love you more.*
