

Through Your Eyes

Don Gnecco

Through Your Eyes I have seen the wonders in the world.
I have seen a million stars up in the sky.
Through Your Eyes I have seen the waves rush to the shore;
I have watched the seagulls as they fly.
Through Your Eyes I see miracles around me.
By your love I am lifted on a cloud.
Through Your Eyes I see hope in ev'ry rainbow.
I know love because I've seen it Through Your Eyes.

*Through Your Eyes, now I see my world.
In your smile there's light to guide my way.
In your eyes I see a new tomorrow.
Like a child, I'll see it Through Your Eyes.*

Through Your Eyes I have seen the rivers running wild.
I have seen the eagle greet the morning sun.
Through Your Eyes I have seen the snowflakes falling down.
I have watched the darkness fall when day is done.
Through Your Eyes I see wonder all around me.
By your love, I am lifted on a cloud.
Through Your Eyes I see hope in ev'ry rainbow.
I know love because I've seen it Through Your Eyes.

*Through Your Eyes, now I see my world.
In your smile there's light to guide my way.
In your eyes I see a new tomorrow.
Like a child, I'll see it Through Your Eyes.*

*Through Your Eyes, now I see my world.
In your smile there's light to guide my way.
In your eyes I see a new tomorrow.
Like a child, I'll see it Through Your Eyes.
Like a child, I'll see it Through Your Eyes.*
