

Love Lifts Me Up High

Don Gnecco

When I look up to the mountains
Standing tall against the sky,
My heart is filled with wonder,
And my thoughts are lifted high.

When I think about our children
Growing up in troubled days
I hold on to hopes for freedom,
And that love will lead the way.

*Love Lifts Me Up High.
Loving's all we need to do.
Love Lifts Me Up High.
And the miracle of life comes shining through.*

When I hear a newborn baby,
Or smell a flower in the spring.
I have hopes for peace and harmony,
And my heart begins to sing.

When I see the children playing,
Hear their laughter on the breeze.
I remember precious moments,
They're in ev'rything I see (I see).

Modulation

*Love Lifts Me Up High.
Loving's all we need to do.
Love Lifts Me Up High.
There is love in ev'rything we see and do.*

*Love Lifts Me Up High.
Loving's all we need to do.
Love Lifts Me Up High.
There is love in ev'rything we see and do.
There is love in ev'rything we see and do.*
