

# I CAN SEE THE LIGHT

Don Gnecco

I can see the Light, shining from inside me  
I can see the Light, which guides me ev'ry day.  
I can feel the warmth welling up inside me,  
Springing from my heart; bringing love to life.

When the going's burdensome,  
When the pathway's long,  
I can go inside and use the Light to make me strong.

I can see the Light, shining from inside me,  
I can feel my heart sing a joyful song.  
And when I need renewing I close my eyes so tight,  
And looking deep inside me  
I can see the Light.

## *Instrumental*

When the going's burdensome,  
When the pathway's long,  
I can go inside and use the Light to make me strong.

I can see the Light, shining from inside me,  
I can feel my heart sing a joyful song.  
And when I need renewing I close my eyes so tight,  
And looking deep inside me  
I can see the Light.
