

Just Think of Me

Don Gnecco

Just Think of Me when you're alone and know I care.
Just dream of me when you're asleep and I'll be there.
Anytime, day or night, and I'm at your side.
When you need a friend, Just Think of Me.

*When all you know comes crashing down,
Just know that I'll be there for you.
For after a storm the sun breaks through.
When you need a friend, Just Think of Me.*

Just Think of Me when you feel blue and know I care.
Just call to me when you need help and I'll be there.
Anytime, day or night, and I'm at your side.
When you need a friend, Just Think of Me.

*When all you know comes crashing down,
Just know that I'll be there for you.
For after a storm the sun breaks through.
When you need a friend, Just Think of Me.*

When you're lost in darkness, I'll help you through the night.
Take my hand and I'll guide you, bring you into the light.

*When all you know comes crashing down,
Just know that I'll be there for you.
For after a storm the sun breaks through.
When you need a friend, Just Think of Me.
When you need love, Just Think of Me.
When you need love, Just Think of Me.*
