

# Love at Christmas Time

Don Gnecco

Watching snow fall from my window  
Makes me wish that you were here.  
Christmas trees and twinkling lights,  
A festive time of year.

*See the candles glow, like the light in me.  
Reflected in the shining star atop my Christmas tree.*

See the children making snowmen,  
Shoppers rush from store to store.  
Sounds of carols, sung by choirs,  
Leave me wanting more.

*See the candles glow, like the light in me.  
Reflected in the shining star atop my Christmas tree.*

Modulation

Children singing, bells a jingling,  
I can hear the church bells chime.

Friends and neighbors come together,  
Love at Christmas time.

Friends and neighbors come together,  
Love at Christmas time.  
There is love at Christmas time.
