

I Remember

Don Gnecco

I remember when I first saw you,
I remember my delight,
I remember talking all through the night.
I remember you.

*Photos of days gone by bring mem'ries into view.
So many pictures locked in my heart, moments shared with you.*

I remember hearing your laughter,
I remember watching you cry;
I remember singing a lullaby.
I remember you.

*Photos of days gone by bring mem'ries into view.
So many pictures locked in my heart, moments shared with you.*

Modulation

I remember walks by the ocean,
I remember sleepless nights.
I remember dinners by candlelight.
I remember you.

*Photos of days gone by bring mem'ries into view.
So many pictures locked in my heart, moments shared with you.*

Bridge:

Pictures of you are still inside my heart.
In times like these, the memories remind me of your love,
And happier times.
I remember you. I remember you.
