

Imagine A World Built on Love

Don Gnecco

Imagine a world without want.
Imagine a world without fear.
Where all can be free, to be all we can be.
Imagine a world filled with love.

Imagine a world without strive.
Imagine a world without hate.
Where all can be free, to be all we can be.
Imagine a world filled with love.

Bridge

So, imagine our world when all can be free,
No matter how they speak or look,
We'll live in harmony.

Modulation

Imagine a world built on love.
Where all can feel safe and be free.
Where all can be kind,
And we know peace of mind.
Imagine a world built on love.
Imagine a world built on love.
