

You Have Changed My Life

Don Gnecco

Because of you I have seen a change in me.
Because of you my whole world looks new.
Your being here's bringing out the best in me,
Reflections of the love I feel for you.

Because of you my whole world's turned upside down.
Because of you nothing looks the same.
Your spark'ling eyes, looking up in hope at me
Will touch my heart whenever I speak your name.

Chorus:

For You Have Changed My Life.
You've opened my eyes so I can see.
I'm seeing life anew, just by loving you.
And now I see the miracle in me.

Because of you I see things in dif'frent light.
Because of you, ev'rything looks clear.
For loving you changes how I view the world;
You've made my fears and worries disappear.

Chorus:

For You Have Changed My Life.
You've opened my eyes so I can see.
I'm seeing life anew, just by loving you.
And now I see the miracle in me.
