

# Find Love

Don Gnecco

Some say that life moves too fast.  
But these are the best years, we know.  
When someone can brighten the day with a smile,  
We'll find love, and blessings will flow.

*Love grows through the years.  
Love is what gets us through.  
Love is all we have.  
Find love in all you do.*

Writers and poets use words.  
And singers will speak with a song.  
And you know the truth when you speak from your heart;  
You'll find love right where you belong.

*Love grows through the years.  
Love is what gets us through.  
Love is all we have.  
Find love in all you do.*

*Love grows through the years.  
Love is what gets us through.  
Love is all we have.  
Find love in all you do.  
Find love in all you do.*
