

There Are Signs of Christmas Everywhere I Go

Don Gnecco

Here we are once more at Christmas time.
All around are lights and shoppers rushing everywhere.
There are wreaths on doors, candy canes on trees,
Hearing children's squeals of joy.
I'm so glad I'm here at this special time of year,
Making Christmas memories.

Stars on tops of Christmas trees
And children making angels in the snow.
There are colored lights as far as I can see.
There Are Signs of Christmas Everywhere I Go.

Christmas gifts and lights in all the stores
Make me feel that I am happy like a child once more.
Stockings by the fire, hung with love and care,
There is music in the air.
I'm so glad to be here around your Christmas tree,
Making Christmas memories.

Stars on tops of Christmas trees
And children making angels in the snow.
There are colored lights as far as I can see.
There Are Signs of Christmas Everywhere I Go.

Stars on tops of Christmas trees
And children making angels in the snow.
There are colored lights as far as I can see.
There Are Signs of Christmas Everywhere I Go.

The love that glows within grows bright at Christmas time.

Stars on tops of Christmas trees
And children making angels in the snow.
There are colored lights as far as I can see.
There Are Signs of Christmas Everywhere I Go.
