

If I Could Only Have One Wish for You

Don Gnecco

If I could only have one wish for you
I'd have you love yourself as others do.
For always out of the darkness
The light of love comes shining through.
If I could have but one wish
I'd wish this special wish for you.

Chorus

When your heart is speaking,
You must heed its call.
You must follow your dreams and
Not look back at all.

If I could only sing a song or two,
I'd sing a song of love, my wish for you.
And when your heart is heavy
The light of love comes shining through.
If I could sing but one song
I'd sing a song of love for you.

If I had one prayer, I'd speak your name.
And I would wish you job, not wealth or fame.
I pray that those you know will
See the light that shines in you.
If I could ask but one thing
I'd ask that you could see it, too!

Chorus

If I could only have one wish for you
I'd have you love yourself as others do.
For always out of the darkness
The light of love comes shining through.
If I could have but one wish
I'd wish the gift of love for you.
