

# *You Believed in Me*

Don Gnecco

When I felt fear and doubt you said I would be fine.  
You saw a spark in me; you wanted me to shine.  
You encouraged me, helped me do it on my own;  
But I never felt I was alone.

You've seen in me the light that's shining from inside.  
You took me by the hand; you helped me as I tried.  
You supported me when I had the need to know.  
You taught me to fly, then let me go.

*You believed in me, with your love you were beside me.  
You believed in me, you were always there to guide me.  
You could see the things that I just couldn't for myself.  
You were always there, spreading your love everywhere.  
I can fly, for you believed in me.*

*You believed in me, with your love you were beside me.  
You believed in me, you were always there to guide me.  
You could see the things that I just couldn't for myself.  
You were always there, spreading your love everywhere.  
I can fly, for you believed in me.*

*You were always there, spreading your love everywhere.  
I can fly, for you believed in me.*
