

# In This Moment

Don Gnecco

Can you feel the magic In This Moment?  
Can you hear the song that's in my soul?  
The warmth and joy that's in this magic moment  
Heals me inside and makes me whole.

I just know that in this magic moment  
Part of you is now a part of me.  
I see love in ev'ry morning sunrise,  
The wonder of all that I can be.

*For In This Moment I have seen love.  
You've brought the real me right into view.  
And In This Moment I see inside;  
I've found the real me by knowing you.*

Can you feel the magic In This Moment?  
Can you hear the song that's in my soul?  
The warmth and joy that's in this magic moment  
Heals me inside and makes me whole.

*For In This Moment I have seen love.  
You've brought the real me right into view.  
And In This Moment I see inside;  
I've found the real me by knowing you.*

You and I are in this magic moment.  
I feel now a part of me is new.  
When I reflect upon this magic moment  
I can see my miracle in you.

I've found the real me in this magic moment.  
I can see my miracle in you.  
I can see my miracle in you.
