

In Our Lives

Don Gnecco

In our lives there is a yearning.
In our lives there is a need to know.
In our lives we're always seeking truth,
To see our blessings flow.

In our lives we look for wonder.
In our lives we need a helping hand.
In our lives we need the help of friends,
Those who understand.

In our lives we're always called to serve,
To learn just who we are.
In our lives we're always looking up,
And reaching for the stars.

In our lives we need each other.
In our lives we strive to be our best.
In our lives we are called to know
That we are truly blessed.

Together we sing, we lift our voices high,
And we know deep down inside
That love will lift us high.

In our lives we must stand for love,
And lift each other up,
And lift each other up.
