

My Very Merry Christmas Love

Don Gnecco

Without you it's lonely at Christmas.
Oh, how I long for your touch.
When I think of our times together, then I start missing you so much.
How I long to hold you close at Christmas and sing carols 'round your tree.
How I wish you were near; it's a lonely time this year:
You're my very merry Christmas love.

Christmas trees, colored lights, that is what I'm thinking of.
Ev'ry carol I hear just makes it clear: you're my very merry Christmas love.

How I hope you will be home at Christmas.
Oh, how I long for your touch.
All the smells of cakes and candies, reminders I miss you so much.
How I long to hold you close at Christmas and sing carols 'round your tree.
How I wish you were near; it's a lonely time of year:
You're my very merry Christmas love.

(Modulation)

How I've tried to be hopeful this Christmas:
I've hung lights and a wreath on the door.
But behind all the decorations I long for your touch once more.
In the par I watch the children skating, see them playing in the snow.
How wish you were here; in my dreams I hold you near.
You're my very merry Christmas love.

Candy canes, Christmas pie, this is what I'm thinking of.
Ev'ry carol I hear just makes it clear:
You're my very merry Christmas love.
Ev'ry carol I hear just makes it clear:
You're my very merry Christmas love.
