Andante ♩ = 84 *8va*

(8va)

There's a friend-ly place where I
long to be, where the gen-tle breeze-s blow. And the
noon-day sun shines on ev'-ry-one, they're my mem-o-ries of
home. Lov-ing smiles a-cross the miles keep me warm at
night. And my thoughts of you some-how get me through; they're my
mem-o-ries of home. Ice on the pond in win-ter,
pump-kins in the Fall. Dog-wood in the Spring;
